REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art fails to teach or suggest apparatus for treating substrates by immersion in a common liquid, the apparatus is comprised of the following elements: a first structure providing a chamber for holding the liquid, and a second structure including a plurality of holding means for releasably holding the plurality of specimens, the first and second structures being relatively moveable in a direction having a vertical component between a first position in which the holding means are relatively close to the chamber and in which the second structure closes the top of the chamber to enable the plurality of specimens to be immersed in the common liquid whilst the latter is protected from the environment, and a second position in which the holding means are relatively distant from the chamber to enable the plurality of specimens to be loaded onto or unloaded from the holding means, and further in which the chamber is in the form of an annular trough; the plurality of holding means hold the plurality of specimens so that the latter depend from their respective holding means at angularly spaced positions around a circle for immersion in the annular trough containing the common liquid; and the second structure includes a lid which acts to close the chamber in the first position and the underside of which carries the holding means..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

FOREIGN PRIORITY

The oath does not have a claim for foreign priority under 35 USC 119(a)-(d) or (f) to GB Application No. 0214846.8 filed on 6/27/2002 and GB Application No. 0227649.1 filed on 11/27/2002. In order to grant foreign priority on GB Application No. 0214846.8 filed on 6/27/2002 and GB Application No. 0227649.1 filed on 11/27/2002, applicant must claim foreign priority and this can be done by submitting an Application Data Sheet in which applicant claims foreign priority under 35 USC 119(a)-(d) or (f) to GB Application No. 0214846.8 filed on 6/27/2002 and GB Application No. 0227649.1 filed on 11/27/2002.
